

2019 PCCA Event Sponsorship

Over the years, the ongoing support from a number of member companies has helped PCCA add real value to our Annual Convention and Mid-Year Meetings, and PCCA members have come to recognize and value the contributions that these companies make to the association and the industry.

Sponsoring a program at a PCCA meeting has long been a company's best vehicle for showing support for PCCA while also having the opportunity to network with top executives and owners from North America's leading power and communication contracting firms. It is an incredibly cost-effective way to gain exposure within the power and telecommunication industry.

PCCA Event Sponsorship Costs

Annual Convention Sponsorship:	\$5,000
Mid-Year Meeting Sponsorship:	\$2,500
